freepressjournal

In a drive against illegal hoardings, the Free Press Journal has received the maximum number of complaints from F north and H west civic wards.

The illegal hoardings on the chowks and signals defacing these wards were found through these complaints.

The civic official of these wards assured that action has been initiated against the menace. A designated team keeps continuous vigil and ensures the removal of illegal hoardings, they added.

The BMC's license department takes action on illegal hoardings defacing the city.

The civic body annually removes around 15,000 to 20,000 illegal hoardings and banners. Out of it, 45% are for birthday wishes of any political party leader or festive.

According to FPJ's campaign, it has been noticed that most of the complaints of illegal hoardings have been received in F / North which comprises #Sion #Matunga #Wadala and areas like

📍 Mumbai

Despite rising complaints, illegal hoardings dot prime locations

freepressjournal and mncdfbombay
Mumbai, Maharashtra

freepressjournal According to the data received from the BMC's license department, just 15 illegal hoardings were removed from H-West (Khar and Bandra West) ward in September, while a total of 190 hoardings were brought down in the G-North (Mahim and Dadar) ward between January and September.

In its drive against illegal hoardings, The Free Press Journal has received the maximum number of complaints from these wards, but the official data suggests a condoning attitude towards such illegal displays.

The eyesores not just covered the prime locations of Dadar, Mahim and Bandra West, but were also spotted in Shivaji Park at Dadar during the Dussehra rally.
